

# PEC Chamber of Commerce Candidate's Questionnaire

The PEC Chamber of Commerce's Policy and Governmental Affairs Committee recently surveyed their members, asking them what their top priorities are for the next council. From those priorities we have created the following questions. As is our tradition, we have also asked the Prince Edward Federation of Agriculture to provide questions as well. If possible, we would like these questions to be answered and submitted by noon on Tuesday, September 25th. Please be aware that these answers may become available to the public.

There is an urgent need to relax the current half load restrictions which are a barrier to farmers who need to market beans and corn to fill contracts where the farmers do not control the scheduled delivery dates. These deliveries should be included with other essential services such as the transport of milk, potable water and prepared animal feeds as they are required to meet the market demands for animal and human consumption.
